BACKWARD LOOK

TEN YEARS AGO

From Bulloch Times, July 7, 1938
J. G. Tillman, well known citizen of Statesboro, left Monday for Washington, D. C., at the call of the Economic Emergency Commission for conference on the nation-wide study of business conditions.

S. H. LaFever, army recruiting officer here, displayed at the Times office on the Fourth of July an elegant hen egg which bore the appearance of a hand grasper. "Handle it carefully," said LaFever, "it might explode."

Social events: Miss Martha Wilma Simmons left Thursday for Camp Bonair, Sparta, Tenn., for a month's stay. Miss Sara Howell will return Sunday from Winter Haven, Fla., and will be accompanied by her cousin, Miss Mary Louise Kennedy—Mr. and Mrs. Howard Christian had as guests during the week end a number of friends from Mt. Vernon, N. Y.

In 1950, under the present legislation, the 10-year moving average parity formula will be effective with the price support ranging from 60 to 90 per cent of parity. During times when there is an abundance of a certain commodity, the support loan would drop to 60 per cent, and then when this commodity is scarce it can go as high as 90 per cent.

Mr. Wingate condemned the program all the way through, but assured this annual family night gathering that every effort would be
